1940s NYC | Street photos of every building in New York ...

T. 1 : Au 13 Devil Street, les habitants ne possèdent pas ce lieu, c'est le lieu qui les possède... Cette demeure est en vie...Elle se réveille tous les 111 ans... Londres 1888. Sombre année au 13 Devil Street où l'ombre de la mort frappe ses habitants. Au 2e étage, Peggy Freaks, Artiste trapéziste n'ayant pas peur du vide, chute mortellement dans les escaliers ! Au rez-de-chaussée, Douglas Mac Crumble, ancien soldat de sa majesté, qui a survécu à toutes les guerres et navigué sur toutes les mers, meurt noyé dans sa baignoire. Au 1er étage, Edward Church, industriel fortuné dirigeant son entreprise d'une main de fer, est retrouvé pendu dans le grenier. Toutes ces morts sont accidentelles, en conclut Scotland Yard. Mais doit-on faire confiance à une police qui n'a toujours pas mis la main sur "Jack the Ripper" ?

The Devil has been represented in many film genres, including horror, comedy, the musical, fantasy, satire, drama, and the religious epic, and in these works has assumed many shapes and forms. This book begins with a discussion of how the devil has been portrayed on stage, how that portrayal carried over to the big screen, and what are the standard elements of a satanic plot. Each entry in the filmography includes year of production, running time, writer, editor, cinematographer, producer, and director, evaluative rating, annotated cast list, plot synopsis, overall appraisal, and a spotlight on the actor playing Satan.

A book on Harold Hobson's theatre criticism

The definitive guide to classic films from one of America's most trusted film critics Thanks to Netflix and cable television, classic films are more accessible than ever. Now co-branded with Turner Classic Movies, Leonard Maltin ' s Classic Movie Guide covers films from Hollywood and around the world, from the silent era through 1965, and from The Maltese Falcon to Singin ' in the Rain and Godzilla, King of the Monsters! Thoroughly revised and updated, and featuring expanded indexes, a list of Maltin ' s personal recommendations, and three hundred new entries—including many offbeat and obscure films—this new edition is a must-have companion for every movie lover.

The entire field of film historians awaits the AFI volumes with eagerness.—Eileen Bowser, Museum of Modern Art Film Department Comments on previous volumes: The source of last resort for finding socially valuable . . . films that received such scant attention that they seem 'lost' until discovered in the AFI Catalog.—Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory.—Arthur Schlesinger, Jr.

Horror is one of the most enduring and controversial of all cinematic genres. Horror films range from the subtle and the poetic to the graphic and the gory but what links them all is their ability to frighten, disturb, shock, provoke, delight, irritate, amuse, and bemuse audiences. Horror's capacity to serve as an outlet to capture the changing patterns of our fears and anxieties has ensured not only its notoriety but also its long-term survival and its international popularity. Above all, however, it is the audience's continual desire to experience new frights and evermore-horrifying sights that continue to make films like The Exorcist, A Nightmare on Elm Street, Halloween, Night of the Living Dead, The Texas Chainsaw Massacre, Psycho, Ringo, and The Shining captivate viewers. The A to Z of Horror Cinema traces the development of horror cinema from the beginning of the 20th century to the present day. This is done through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries. Entries cover all the major movie villains, including Frankenstein and his monster, the vampire, the werewolf, the mummy, the zombie, the ghost, and the serial killer; the film directors, producers, writers, actors, cinematographers, make-up artists, special effects technicians, and composers who have helped to shape horror history; significant production companies and the major films that have come to stand as milestones in the development of the horror genre; and the different national traditions in horror cinema as well as horror's most popular themes, formats, conventions, and cycles.

This book is an outstanding example of the museum tradition, offering the results of global research on the biosystematics of one of the families of case-making caddisflies, the Phryganeidae.
