The Noticer - Andy Andrews

The Noticer by Andy Andrews is 156 pages of important life lessons wrapped within a feel-good, inspirational novelette. The lessons are thinly-veiled homilies spoken by the main character Jones to a cast of (unfortunately) flat, characters who barely resemble real people with real dialogue.

Fortunately, when things look the darkest, a mysterious man named Jones has a miraculous way of showing up. Communicating what he calls “a little perspective,” he explains that he has been given a gift of noticing things that others miss. “Your time on this earth is a gift to be used wisely,” he says. “Don’t squander your words or your thoughts. Practical yet powerful methods of motivation, encouragement, and resolve for those who have been dealt “the bad hand.” A fresh and insightful perspective on how people can change their view of the world, find strength, and move beyond their problems. Perspective is a powerful thing. Andy Andrews has spent the past five years doing a double take at every white-haired old man he sees, hoping to have just one more conversation with the person to whom he owes his life. Through a chance encounter at a local bookstore, Andy is reunited with the man who changed everything for him – Jones, also known as “The Noticer.” As the story unfolds, Jones uses his unique talent of noticing little things that make a big difference. And these “little things” grant the people of Fairhope, Alabama, a life-changing gift – perspective. Along the way, families will be united, financial opportunities will be created, and readers will be left with powerfully simple solutions to the everyday problems we all face. Through the lens of a parenting class at the Grand Hotel in Point Clear, Alabama, Jones guides a seemingly random group to ask specific questions inspired by his curious advice that “You can’t believe everything you think.” Those questions lead to answers for which people have been searching for centuries: How do we begin to change the culture in which we live? What is the key to creating a life of success and value? What if what we think is the end...is only the beginning? What starts as a story of one person's everyday reality unfolds into the extraordinary principles available to anyone looking to create the life for which they were intended.

"little things" grant people a life-changing gift—perspective. Along the way, families will be united, financial opportunities will be created, and readers will be left with powerfully simple solutions to the everyday problems we all face. How do you get away with the murder of 11 million people? The answer is simple—and disturbing. You lie to them. Learn how you can become an informed, passionate citizen who demands honesty and integrity from your leaders in this updated and expanded edition of the original New York Times bestselling book. In this updated and expanded nonpartisan New York Times bestselling book, Andy Andrews emphasizes that seeking and discerning the truth is of critical importance, and that believing lies is the most dangerous thing you can do. You'll be challenged to become a more careful student of the past, seeking accurate, factual accounts of events that illuminate choices our world faces now. By considering how the Nazi German regime was able to carry out over eleven million institutional killings between 1933 and 1945, Andrews advocates for an informed population that demands honesty and integrity from its leaders and from each other. This thought-provoking book poses questions like: What happens to a society in which truth is absent? How are we supposed to tell the difference between the "good guys" and the "bad guys"? How does the answer to this question affect our country, families, faith, and values? Does it matter that millions of ordinary citizens aren't participating in the decisions that shape the future of our country? Which is more dangerous: politicians with ill intent, or the too-trusting population that allows such people to lead them? This is a wake-up call: we must become informed, passionate citizens or suffer the consequences of our own ignorance and apathy. We can no longer measure a leader's worth by the yardsticks provided by the left or the right. Instead, we must use an unchanging standard: the pure, unvarnished truth.

. A work of both scholarship and imagination. The Lost Choice is a legend of personal discovery—a reminder of the opportunities we each are given. When a young boy finds a mysterious object in the creek near his home, it starts a series of events that could change the world—again. Many search for the ancient relic's secret, but few find its truer purpose. What choices will each make—or lose?

A unique blend of historical fact and engaging fiction showing the power of forgiveness. While digging up a withering wax myrtle tree beside his waterfront home on the Gulf coast, author Andy Andrews unearths a rusted metal container filled with Nazi artifacts and begins an intriguing investigation that unlocks an unspoken past that took place in his backyard . . . literally. In 1942, as the country gears up for a full-scale commitment to WWII, German subs are dispatched to the Gulf of Mexico to sink U.S. vessels carrying goods and fuel. While taking a late-night walk, Helen Mason—widowed by war—discovers the near-lifeless body of a German sailor. Enraged at the site of Josef Landermann's uniform, Helen is prepared to leave him to die when an unusual phrase, faintly uttered, changes her mind. Set in a period simmering with anger and suspicion The Heart Mender offers the very real chronicle of a small town preparing itself for the worst the world has to offer. As cargo from torpedoed ships begins to wash up on the beach, Josef and Helen must reconcile their pasts to create a future. Blending his unique style of historical accuracy with unparalleled storytelling, New York Times best-selling author Andy Andrews offers a tale of war, faith, and forgiveness illuminating the one principle that frees the human spirit. Previously released as Island of Saints, this new edition includes a reader's guide and a "Where Are They Now?" update on the real-life characters.

The Active Decision: I am a person of action. The Certain Decision: I have a decided heart. Criticism, condemnation, and complaint have no power over me.
