Our Revision Workbooks help students develop vital skills throughout their course in preparation for the exam

The UK's bestselling GCSE Science series has been updated and specifically tailored for the 2016 AQA GCSE Sciences (9-1) specifications. These brand new workbooks are the perfect companion for the series and support your Higher students on their journey from KS3 to success in the new AQA GCSE.

AQA approved. Develop your students' scientific thinking and practical skills within a more rigorous curriculum; differentiated practice questions, progress tracking, mathematical support and assessment preparation will consolidate understanding and develop key skills to ensure progression. - Builds scientific thinking, analysis and evaluation skills with dedicated Working Scientifically tasks and support for the 8 required practicals, along with extra activities for broader learning - Supports students of all abilities with plenty of scaffolded and differentiated Test Yourself Questions, Show You Can challenges, Chapter review Questions and synoptic practice Questions - Supports Foundation and Higher tier students, with Higher tier-only content clearly marked - Builds Literacy skills for the new specification with key words highlighted and practice extended answer writing and spelling/vocabulary tests

Exam Board: AQA Level & Subject: GCSE Biology First teaching: September 2016 First exams: June 2018 AQA approved GCSE Science is changing and AQA GCSE (9-1) Biology from Collins has been developed to embed

## File Type PDF Aqa Gcse Biology Workbook Higher

the skills your students need to succeed in all three assessment objectives, while providing a clear and supportive route through the new, more challenging GCSE content. \* Each spread starts with language and ideas at a lower level and increases in complexity, engaging students of all ability levels \* Key concept spreads highlight knowledge that students must grasp before they can move on \* Dedicated pages on analysing, interpreting and evaluating all the required practicals, so students are fully prepared for the indirect assessment. \* Maths activities at the appropriate level are embedded throughout, along with Maths skills pages that focus on developing the skills needed for each topic \* Prepare students for the demands of the new specification with differentiated questions, worked examples and lots of opportunities to practice \* Co-teach both Foundation and Higher tier with a single book (the Higher-only content is clearly flagged).

The only textbook that fully supports the Oxford AQA International GCSE Biology specification (9201), for first teaching in September 2016. The enquiry-based, international approach builds scientific skills and knowledge, preparing students for the Oxford AQA International GCSE exams and supporting their progression to further A Level study.
