Megan's biggest tip for the newbies is to forget about appealing to the viewers and for them to go after the person they fancy — even if it means playing dirty and stepping on toes.

I met him at the candy store. He turned and smiled at me and I was surprised enough to smile back. This was not a children's candy store, mind you—this was the kind of place you went to buy expensive imported chocolate truffles for your boss's wife because you felt guilty for having sex with him when you were both at a conference in Milwaukee. Hypothetically speaking, of course. I've been hit on plenty of times, mostly by men with little finesse who thought what was between their legs made up for what they lacked between their ears. Sometimes I went home with them anyway, just because it felt good to want and be wanted, even if it was mostly fake. The problem with wanting is that it's like pouring water into a vase full of stones. It fills you up before you know it, leaving no room for anything else. I don't apologize for who I am or what I've done in—or out—of bed. I have my job, my house and my life, and for a long time I haven't wanted anything else. Until Dan. Until now.

Elle makes no excuses for living by her own rules. Her family history keeps her from establishing close relationships, but when she meets Dan, they begin a passionate affair. When the truth about her past surfaces, Elle must come to terms with her growing feelings for Dan and the reality of her dysfunctional family.

Cassandra Whitman seems like a normal girl on the outside. Sure she doesn't really have any friends, but she gets by--and she has Adam. But what happens when she doesn't have him anymore, and how far will she go to get him back?

I had everything a woman could want My husband, James. The house on the lake. Our perfect life. And then Alex came to visit. The first time I saw my husband's best friend, I didn't like him. Didn't like how his penetrating eyes followed me everywhere. Didn't like how James changed when he was around.

Pack your carry-on, buckle in and put those tray tables up -- Flying is a soaring ride of desire and determination, of the relentlessness of grief

and the power of love to heal – when it's allowed to. Love is not supposed to be the destination. Stella flies standby every other weekend, finding the airport bar wherever she arrives and waiting for the right guy to come along. From businessmen to baggage handlers, each conquest brings a whole new meaning to the term layover. Every departure is the sweetest possible distraction from the life and memories she's trying to forget. When she meets the mysterious Matthew in Chicago, something about him tells Stella she's not the only one running from the past. Their connection is instant, electric, volcanic – and for the first time, Stella wants a layover to turn into a roundtrip ticket. Matthew and Stella have no trouble burning up the sheets, each passionate exchange leading the way to the next – but while their takeoff was perfect, turbulence constantly threatens their landing. With every step forward, Matthew seems to take two steps back. What began as a one-night stand has become so much more...and also so, so much less. What secrets is Matthew hiding? How can Stella love a man who claims he wants her, but will not, in the end, actually take what she's prepared to give? How long can one person love the other without being loved in return?

A charismatic zealot. Four survivors. A new start. When Sunny flees the only home she's ever known, her three small children in tow, she has no idea that the rest of the family she's leaving behind will be following the orders of their religious leader to end their lives. When she ends up on the doorstep of her biological father, a man who has no idea she exists, all she can do is hope for his compassion. Liesel Albright has always wanted children, even when her husband Christopher does not. When Sunny shows up with her three little ones, it seems as though all of Liesel's prayers have been answered. How can a young woman raised in a cult adapt to the "normal" world? How can a woman who desperately wants children of her own adopt and adapt to this brand-new family? Sunny's past continues to haunt them all...until it seems as though it might finally also destroy them. All Fall Down is an emotional story of love and motherhood...of what it means to be a family, and how even the most difficult circumstances can lead to the greatest rewards. For fans of Jodie Picoult and Kelly Rimmer.

Elle and Dan haven't quite achieved their goal of having sex in every room of their new house – but almost! Marriage hasn't dampened their hunger for one another in the least, and their relationship is as hot and passionate as ever. But when Dan brings up the subject of having a baby together, Elle finds herself conflicted. Between her dysfunctional family background and her fear of how a baby might change their life together, Elle's not sure she's ready for the big step. Dan doesn't bring the subject up again, but the issue takes hold in Elle's mind. And as their frequent lovemaking sizzles with unquenchable desire, Elle's heart is filled to the brim with love and the longing to give Dan everything.

I pay strangers to sleep with me. I have my reasons...but they're not the ones you'd expect. For starters, I'm a funeral director taking over my dad's business. Not exactly the kind of person you'd expect to fork over cash for the intimacy and urgency only skin-to-skin contact can create. Looking at me, you wouldn't have a clue I carry this little secret so close it creases up like the folds of a fan. Tight. Personal. Ready to unravel in the heat of the moment. Unsurprisingly, my line of work brings me face-to-face with loss. So I decided long ago that paying for sex would be one of the best (and most arousing) ways to save myself from the one thing that would eventually cut far too deep. But Sam was a mistake. Literally. I signed on to "pick up" a stranger at a bar, but took Sam home instead. And now that I've felt his heat, his sweat and everything else, can I really go back to impersonal? Let's just hope he never finds out about my other life.... Originally published in 2009

She had never been more beautiful to him than when she was making him hurt. Corinne was young once. Reese wasn't her first lover, but he was the first to submit to her. For a while they had something special, but it ended badly. She's a little older now — and the wealthy businessman who just bought the company she works for bears little resemblance to that boy. He's commanding, domineering, and seems hell-bent on pushing her past her limits. In a flash of anger, she falls back into their old pattern—and Reese falls right in with her. Before she knows it, she's testing him. Then tasting him. Corinne knows she can't afford to get involved again. Her life is complicated enough without throwing in a slew of kink. Now if only Reese would stop making her feel like the goddess she used to be...and showing her who's been the boss all along. But if he wants her, he's going to have to beg for it.
