Charles Dickens's satirical masterpiece, "The Pickwick Papers," catapulted the young writer into literary fame when it was first serialized in 1836-37. It recounts the rollicking adventures of the members of the

Pickwick Club as they travel about England getting into all sorts of mischief. Laugh-out-loud funny and endlessly entertaining, the book also reveals Dickens's burgeoning interest in the parliamentary system, lawyers, the Poor Laws, and the ills of debtors' prisons. As G. K. Chesterton noted, "Before [Dickens] wrote

a single real story, he
had a kind of vision . . .
a map full of fantastic
towns, thundering
coaches, clamorous
market-places,
uproarious inns, strange
and swaggering figures.
That vision was
Pickwick."
