Dropfleet Commander FAQ & Errata - TTCommunity

Dropfleet Commander is an Orbital Combat game in the Dropzone Commander universe in which the vast majority of your games will take place in orbit above a planet's surface. A typical gaming table is 4'x4' and will show the surface of a planet rather than the more typical 'starfield' style space combat table.

With Battle For Earth out, dreadnoughts and destroyers now have official rules, along with the new monitors. The new fleet builder made a lot of the community errata official, which made a broadside-based strategy for PHR much stronger than it was before. Most of these weapons are now linked and have Fusillade on top of that.

Dropfleet Commander (abbreviated as DfC) is a space combat science fiction wargame originally created and published by Hawk Wargames and now owned by TTCombat and a sister game to their 10mm game Dropzone Commander. The game is themed around using a fleet of spaceships to take control of a section of orbital space over a planet and drop troops from there into cities or other places of interest to control them.
