equality expert, Michelle King has realized one simple truth—the tired advice of fixing women doesn't fix anything.

The truth is that workplaces are gendered; they were designed by men for men. Because of this, most organizations unconsciously carry the idea of an “ideal worker,” typically a straight, white man who

doesn't have to juggle work and family commitments. Based on King's research and exclusive interviews with major companies and thought leaders, *The Fix* reveals why denying the fact that women are held back just because they are women—what she calls gender denial—is the biggest obstacle holding women back at work and
