dry matter intake per livestock unit.

~~(PDF) Contribution of Animal Husbandry to Indian Economy ...~~

Globally, livestock contribute about 40% of agricultural GDP and provide livelihoods and incomes for at least 1.3 billion people worldwide. However, despite its economic importance, livestock receive just a small fraction of official development assistance to all of agriculture. With more investment, livestock production can be the economic driver for millions throughout the developing world.

~~Economic Opportunity—Why Livestock Matter~~

Many farmers in India depend on animal husbandry for their livelihood. In addition to supplying milk, meat, eggs, wool, their castings and hides, animals, mainly bullocks, are the major source
