Simulacra and Simulation (French: Simulacres et Simulation) is a 1981 philosophical treatise by the sociologist Jean Baudrillard, in which the author seeks to examine the relationships between reality, symbols, and society, in particular the significations and symbolism of culture and media involved in constructing an understanding of shared existence.

Simulacra and Simulation - Wikipedia

The first full-length translation in English of an essential work of postmodernism. The publication of "Simulacra et Simulation" in 1981 marked Jean Baudrillard's first important step toward theorizing the postmodern. Moving away from the Marxist/Freudian approaches that had concerned him earlier, Baudrillard developed in this book a theory of contemporary culture that relies on displacing economic notions of cultural production with notions of cultural expenditure. Baudrillard uses the ...

Introduction to Jean Baudrillard, Module on Simulacra and Simulation. ACCORDING TO B AUDRILLARD, what has happened in postmodern culture is that our society has become so reliant on models and maps that we have lost all contact with the real world that preceded the map. Reality itself has begun merely to imitate the model, which now precedes and determines the real world: "The territory no longer precedes the map, nor does it survive it.

" Simulacra and Simulation is arguably Baudrillard's most important book. In it he moves from a theory of consumer society governed by a 'code' to a general theory of culture that problematizes 'reality.' His idea of the hyperreal informs most discussions." —Mark Poster, University of California, Irvine
