The Aristocrat and the Desert prince, was a mistake to purchase. From its discription and cover, i thought that it would be an interesting and entertaining book to buy. But honestly I am embarassed to admit that I bought it, and hide it from my book collection. The characters were corny and had- in my opinion- little time to develope fully.

The Aristocrat and Desert Prince – KENZIE NOVEL

Moneville's architectural virtuosity can be sampled at the aforementioned estate which the aristocrat bought in 1774. Moneville called it Désert de Retz, On the sprawling grounds of this 40-hectare estate, Monville erected nearly two dozen follies, each representing different periods of history and parts of the world.

Désert de Retz | Amusing Planet

As his kidnappers are taking him across the desert to be given as a 'present' to a local desert tribe chief, a man on a horse who has very familiar eyes comes and saves Takeyuki. As they are traveling together back across the desert, they begin to grow a relationship of some sort. Who exactly his this mysterious man? Can takeyuki really trust him?

Sure, taming the desert isn't the be-all and end-all of off-roading, but it definitely makes for a much more spectacular clip than, say, going up a muddy hill. Rolling around in the desert is ...

In his young life, Takeyuki has never really known hardship. The youngest son of a wealthy family, he has never had any difficulty getting anything he desired. Now, though, Takeyuki is enjoying his last month of freedom before he begins working at his father's import company in Tokyo, and he has decided to spend that time with his brother and his sister-in-law in Cassina, a small country in the Middle East. Little does Takeyuki know that his prideful manner will soon land him in hot water! In Cassina, some dangers are very real and some people are not who they seem. For example, who exactly is the charming, majestic man who won't stop staring at Takeyuki during their flight to Cassina, and why do his blue eyes make Takeyuki feel like his chest will burst?

In the luxurious Middle Eastern kingdom of Kassina, Takeyuki, "The Desert Hawk," kidnapped by bandits for his beauty, in turn kidnaps Said, the young man with the blue eyes. With eyes that no one's heart can escape from and a voice that sends chills down spines, it must have been him Said spoke so rudely to on the plane to Kassina. Has Takeyuki been chasing him ever since?

Twilight in the Desert reveals a Saudi oil and production industry that could soon approach a serious, irreversible decline. In this exhaustively researched book, veteran oil industry analyst Matthew Simmons draws on his three-plus decades of insider experience and more than 200 independently produced reports about Saudi petroleum resources and production operations. He uncovers a story about Saudi Arabia's troubled oil industry, not to mention its political and societal instability, which differs sharply from the globally accepted Saudi version. It's a story that is provocative and disturbing, based on undeniable facts, but until now never told in its entirety. Twilight in the Desert answers all readers' questions about Saudi oil and production industries with keen examination instead of unsubstantiated posturing, and takes its place as one of the most important books of this still-young century.

This "richly textured biography" (Chicago Tribune) inspired the mesmerizing documentary, Letters from Baghdad, soon to air on public television. Here is the story of Gertrude Bell, who explored, mapped, and excavated the Arab world throughout the early twentieth century. Recruited by British intelligence during World War I, she played a crucial role in obtaining the loyalty of Arab leaders, and her connections and information provided the brains to match T. E. Lawrence's brawn. After the war, she played a major role in creating the modern Middle East and was, at the time, considered the most powerful woman in the British Empire. In this masterful biography, Janet Wallach shows us the woman behind these achievements—a woman whose passion and defiant independence were at odds with the confined and custom-bound England she left behind. Too long eclipsed by Lawrence, Gertrude Bell emerges at last in her own right as a vital player on the stage of modern history, and as a woman whose life was both a heartbreaking story and a grand adventure.

Being stranded on a desert island is a relatively common theme in tales. However, this book teaches readers what to do if they are ever actually in such a situation. Informative text and real life stories demonstrate how to survive being trapped on an island in the middle of the ocean.

Love Knows No Boundaries "A face haunted Cameron--a woman's face. It was there in the white heart of the dying campfire; it hung in the shadows that hovered over the flickering light; it drifted in the darkness beyond." - Zane Grey, Desert Gold Richard Gale meets an old friend in the desert, near the Mexican border. The friend shares with Gale his love story with a wealthy Mexican girl. But his love story isn't yet complete: the two have to rescue her from an evil man named Rojas. While doing so, Gale finds too the love of his life. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

Draped in the Desert Prince's diamonds...

A brand-new epic fantasy adventure set in the beloved world of the Demon Cycle, following a new generation of heroes, from New York Times bestselling

author Peter V. Brett "Heart-wrenching, smart, and modern . . . The Desert Prince has set a new standard for fantasy."—Wesley Chu, #1 New York Times bestselling author of The War Arts Saga Fifteen years have passed since the end of the war with demons, creatures of darkness who have hunted the night and plagued humanity since time out of mind. The heroes of humanity's hour of need have become legend, and those who remain struggle to escape their shadows. Olive Paper and Darin Bales have grown up in this new peaceful world. Demons have been all but destroyed, but dangers still lurk for the children of heroes. Olive, princess of Hollow, has her entire life planned out by her mother, Duchess Leesha Paper: a steady march on a checklist to prepare her for succession. The more her mother writes the script, the more Olive rails against playing the parts she is assigned. Darin faces challenges of a different kind. Though free to choose his own path, the weight of legacy hangs heavy around his shoulders. It isn't easy being the son of the man people say saved the world. Everyone expects greatness from Darin, but the only thing he's ever been great at is hiding. But when Olive and Darin step across the wards one night, they learn the demons are not all gone, and those that remain hunger for revenge. Events are set in motion that only prophecy can foresee as Olive and Darin seek to find their own places in the world in time to save it again.

A marvelous tale of an adventurous life of great historical import She has been called the female Lawrence of Arabia, which, while not inaccurate, fails to give Gertrude Bell her due. She was at one time the most powerful woman in the British Empire: a nation builder, the driving force behind the creation of modern-day Iraq. Born in 1868 into a world of privilege, Bell turned her back on Victorian society, choosing to read history at Oxford and going on to become an archaeologist, spy, Arabist, linguist, author (of Persian Pictures, The Desert and the Sown, and many other collections), poet, photographer, and legendary mountaineer (she took off her skirt and climbed the Alps in her underclothes). She traveled the globe several times, but her passion was the desert, where she traveled with only her guns and her servants. Her vast knowledge of the region made her indispensable to the Cairo Intelligence Office of the British government during World War I. She advised the Viceroy of India; then, as an army major, she traveled to the front lines in Mesopotamia. There, she supported the creation of an autonomous Arab nation for Iraq, promoting and manipulating the election of King Faisal to the throne and helping to draw the borders of the fledgling state. Gertrude Bell, vividly told and impeccably researched by Georgina Howell, is a richly compelling portrait of a woman who transcended the restrictions of her class and times, and in so doing, created a remarkable and enduring legacy. " ... there's never a dull moment in the peerless life of this trailblazing character." - Kirkus Reviews

It is 1945. Somewhere in Central Europe, in the aftermath of violence and confusion, a terrified and bloodstained young woman, Eliska, emerges from the forest to take refuge in an apparently abandoned castle. Soon she is joined by others - the idealistic Jiri, the sinister Slavomir and his partisans, and Count Michael Blansky, who is the castle's ancestral owner. But the war has changed things for ever. In a storm of ideological change, the existing order and the aristocratic heritage of ten generations are brushed aside by the arrival of Communism, and Count Michael must join the flood of refugees if he is to survive. He leaves behind a legacy which will entangle those involved for the next forty years in more ways than they can possibly imagine. As divided post-war Europe unravels around them, they must make what they can of lives buffeted by circumstance. For many, individual freedom is at best problematic. For better or worse, communities are destroyed, families uprooted, and the ties of trust, friendship and duty which bind them together are broken down by the implacably irresolvable forces at work. Told through the eyes of nine characters who live through the forty years between the end of the war and the fall of Communism, A Desert in Bohemia is a complex and enthralling testament to the power and powerlessness of the individual in challenging times.
