On the snowy wastes of Danik's World, a regiment of the Vostroyan Imperial Guard is ordered to hold their ground to protect the retreat of other Imperial forces. But when their own orders come to move back, they discover they have been left stranded behind enemy lines. Can the Guardsmen ever fight their way back to safety?

A celebration of the art of Warhammer 40,000, this text focuses on the astropaths, navigators, inquisitors and other agents of the Imperium that add to the richness of this war-torn universe.

Math rocks! At least it does in the gifted hands of Sean Connolly, who blends middle school math with fantasy to create an exciting adventure in problem-solving. These word problems are perilous, do-or-die

scenarios of blood-sucking vampires (How many months would it take a single vampire to completely take over a town of 500,000 people?), or a rowboat of 5 shipwrecked sailors with a single barrel of freshwater (How much can they drink, and for how long, before they go mad from thirst??). Each problem requires readers to dig deep into the tools they're learning in school to figure out how to survive. Kids will love solving these problems. Sean Connolly knows how to make tough subjects exciting and he brings that same intuitive understanding of what inspires and challenges kids' curiosity to the 24 problems in *The Book of Perfectly Perilous Math*. These problems are as fun to read as they are challenging to solve. They test readers on fractions, algebra, geometry, probability, expressions and equations, and more. Use geometry to fill in for the ship's navigator and make it safely to the New World. Escape an evil Duke's executioner by picking the right door—probability will save your neck.

They said there were no monsters. But there are. It is the 23rd Century. Across the cold void of space, alien monsters prey on humanity: infesting generation-ships, destroying colonies, and transforming humans into hosts for their foul spoor. From the insectoid hive-beasts of *Klaatu*, to the xenomorphic parasites of the outer rim, this book contains the sum total of human knowledge of the myriad forms of alien menace; where to find them...and how to kill them. In this guide you will find details of mankind's greatest champions, the marines of *STAR Industries*. With their state-of-the-art technology and advanced combat tactics developed over a century of warfare, the *STAR* marines battle the alien, wherever it may strike.
