The Guide for the Perplexed is a work of theology by Maimonides. It seeks to reconcile Aristotelianism with Rabbinical Jewish theology by finding rational explanations for many events in the text. It was written in Classical Arabic using the Hebrew alphabet in the form of a three-part letter to his student, Rabbi Joseph ben Judah of Ceuta, the son of Rabbi Judah, and is the main source of Maimonides' philosophical views, as opposed to his opinions on Jewish law. A small minority believe the Guid

The Guide for the Perplexed—Wikipedia

The Guide for the Perplexed was at once recognized as a masterwork, and it strongly influenced Jewish, Christian, and Moslem thought of the Middle Ages. It is necessary reading for any full comprehension of the thought of such scholastics as Aquinas and Scotus, and indispensable for everyone interested in the Middle Ages, Judaism, medieval philosophy, or the larger problems which Maimonides discusses.

A Guide for the Perplexed | Online Library of Liberty

Maimonides (1120-1190) was a brilliant Hispanic Jewish scholar who lived in Spain and Egypt in the 12th century. In addition to being a philosopher, Maimonides also worked as a medical doctor. The Guide for the Perplexed, originally written in Arabic, and soon translated into Hebrew and widely read, is his best known work. The framing story is that it is a letter written to one of his students, to prepare him to understand the background of the Merkabah (the Chariot of Ezekiel) narrative.

Guide for the Perplexed Index

Guide for the Perplexed | Maimonides Maimonides studied in this Cordoba synagogue in Spain (1315 AD, rebuilt from Maimonides' time) What did Maimonides study? When Maimonides was a child, in the 1100s AD, he studied Jewish religious law in the Cordoba synagogue, in Spain.

Guide for the Perplexed - Maimonides - Quora **us Study Guides**

Maimonides the Philosopher Maimonides' greatest philosophical work was his Dalalat al-halirin or Guide for the Perplexed. He wrote it in Arabic and it was translated twice into Hebrew, and also into Latin (Dux Perplexorum) and later into Italian (in 1583). It comprises three books with an intriguing introduction.

The Perplexing Nature of the Guide for the Perplexed—

The Guide of the Perplexed was his statement of "the science of the law in its true sense," that is, the examination of divine purpose in divine law. Maimonides' Guide searches for the meaning of prophecy, and it was meant to be a curriculum for all future prophets.

The Guide for the Perplexed Quotes by Maimonides

Written in the 12th century, Moses Maimonides Guide for the Perplexed was a long letter to one of his rabbinical students discussing a variety of philosophical matters concerning theology. In part, the text seeks to clarify some of the contradictions between the literal meaning of the Torah and its philosophical explications.

Perplexed—

This monument of rabbinical exegesis written at the end of the twelfth century has exerted an immense and continuing influence upon Jewish thought. Its aim is to liberate people from the tormenting perplexities arising from their understanding of the Bible according only to its literal meaning. This edition contains extensive introductions by Shlomo Pines and Leo Strauss, a leading authority on Maimonides.

A classic of medieval Jewish philosophy, Maimonides's Guide of the Perplexed is as influential as it is difficult and demanding. Not only does the work contain contrary/even contradictory/statements, but Maimonides deliberately wrote in a guarded and dissembling manner in order to convey different meanings to different readers, with the knowledge that many would resist his bold reformulations of God and his relation to mankind. As a result, for all the acclaim the Guide has received, comprehension of it has been unattainable to all but a few in every generation. Drawing on a lifetime of study, Alfred L. Ivry has written the definitive guide to the Guide;one that makes it comprehensible and exciting to even those relatively unacquainted with Maimonides' thought, while also offering an original and provocative interpretation that will command the interest of scholars. Ivry offers a chapter-by-chapter exposition of the widely accepted Shlomo Pines translation of the text along with a clear paraphrase that clarifies the key terms and concepts. Corresponding analyses take readers more deeply into the text, exploring the philosophical issues it raises, many dealing with metaphysics in both its ontological and epistemic aspects.

This is the first scholarly collection in English devoted to Maimonides' Guide of the Perplexed.

Moses Maimonides's Guide of the Perplexed is the greatest philosophical text in the history of Jewish thought and a major work of the Middle Ages. For almost all of its history, however, the Guide has been read and commented upon in translation(in Hebrew, Latin, Spanish, French, English, and other modern languages)rather than in its original Judeo-Arabic. This volume is the first to tell the story of the translations and translators of Maimonides' Guide and its impact in translation on philosophy from the Middle Ages to the present day. A collection of essays by scholars from a range of disciplines, the book unfolds in two parts. The first traces the history of the translations of the Guide, from medieval to modern renditions. The second surveys its influence in translation on Latin scholastic, early modern, and contemporary Anglo-American philosophy, as well as its impact in translation on current scholarship. Interdisciplinary in approach, this book will be essential reading for philosophers, historians, and religious studies scholars alike.

A publishing sensation long at the top of the best-seller lists in Israel, the original Hebrew edition of Maimonides and the Book That Changed Judaism has been called the most successful book ever published in Israel on the preeminent medieval Jewish thinker Moses Maimonides. The works of Maimonides, particularly The Guide for the Perplexed, are reckoned among the fundamental texts that influenced all subsequent Jewish philosophy and also proved to be highly influential in Christian and Islamic thought. Spanning subjects ranging from God, prophecy, miracles, revelation, and evil, to politics, messianism, reason in religion, and the therapeutic role of doubt, Maimonides and the Book That Changed Judaism elucidates the complex ideas of The Guide in remarkably clear and engaging prose. Drawing on his own experience as a central figure in the current Israeli renaissance of Jewish culture and spirituality, Micah Goodman brings Maimonides's masterwork into dialogue with the intellectual and spiritual worlds of twenty-first-century readers. Goodman contends that in Maimonides's view, the Torah's purpose is not to bring clarity about God but rather to make us realize that we do not understand God at all; not to resolve inscrutable religious issues but to give us insight into the true nature and purpose of our lives.

This book investigates the substance and presentation of major metaphysical themes in Maimonides' Guide for the Perplexed. Using rigorous philosophy it seeks to refute the view that the Guide hides an "esoteric" philosophical meaning beneath a traditional veneer, and offers a new explanation of his esotericism.

Maimonideanism, the intellectual culture inspired by Maimonides' writings, has received much recent attention. Yet a central aspect of Maimonideanism has been overlooked: the formal reception of the Guide of the Perplexed through commentary. In Rewriting Maimonides, Igor H. De Souza offers a comprehensive analysis of six early philosophical commentaries, written in Italy, Spain, and France, by some of Maimonides' most loyal followers. The early commentaries represent the most creative period of exegesis of the Guide. De Souza's analysis dispels the notion that the tradition of commentary on the Guide is monolithic. Rather, De Souza's study illuminates how each commentator offers distinctive readings. Challenging the hierarchy of text and commentary, Rewriting Maimonides studies commentaries on the Guide as texts in their own right. De Souza approaches the form of commentary as a multifaceted cultural practice. Employing historical, philosophical, and literary methods, this publication fills a lacuna in the history of the Guide through a global perspective on commentary.

This monument of rabbinical exegesis written at the end of the twelfth century has exerted an immense and continuing influence upon Jewish thought. Its aim is to liberate people from the tormenting perplexities arising from their understanding of the Bible according only to its literal meaning. This edition contains extensive introductions by Shlomo Pines and Leo Strauss, a leading authority on Maimonides.

The author of the world wide best-seller, Small Is Beautiful, now tackles the subject of Man, the World, and the Meaning of Living. Schumacher writes about man's relation to the world, man has obligations -- to other men, to the earth, to progress and technology, but most importantly himself. If man can fulfill these obligations, then and only then can he enjoy a real relationship with the world, then and only then can he know the meaning of living. Schumacher says we need maps: a "map of knowledge" and a "map of living." The concern of the mapmaker--in this instance, Schumacher--is to find for everything it's proper place. Things out of place tend to get lost; they become invisible and there proper places end to be filled by other things that ought not be there at all and therefore serve to mislead. A Guide for the Perplexed teaches us to be our own map makers. This constantly surprising, always stimulating book will be welcomed by a large audience, including the many new fans who believe strongly in what Schumacher has to say.
