New York Times-bestselling October Daye series • Hugo Award-winning author Seanan McGuire • "Top of my urban-paranormal series list!" —Felicia Day Things are starting to look up for October "Toby" Daye. She's training her squire, doing her job, and has finally allowed herself to grow closer to the local King of Cats. It seems like her life may finally be settling down...at least until dead changelings start appearing in the alleys of San Francisco, killed by an overdose of goblin fruit. Toby's efforts to take the problem to the Queen of the Mists are met with harsh reprisals, leaving her under sentence of exile from her home and everyone she loves. Now Toby must find a way to reverse the Queens decree, get the goblin fruit off the streets--and, oh, yes, save her own life. And then there's the question of the Queen herself,

who seems increasingly unlikely to have a valid claim to the throne....To find the answers, October and her friends will have to travel from the legendary Library of Stars into the hidden depths of the Kingdom of the Mists--and they'll have to do it fast, because time is running out.

A Red Rose Chain is the ninth installment in Seanan McGuire's urban fantasy October 'Toby' Daye series.

Now in hardcover, the thirteenth novel of the Hugo-nominated, New York Times-bestselling Toby Daye urban fantasy series! Hundreds of years ago, the Selkies made a deal with the sea witch: they would have the sea for as long as she allowed it, and when the time came, she would call in all their debts at once. Many people assumed that day would never come. Those people were wrong. When the Luidaeg--October "Toby" Daye's oldest and most dangerous ally--tells her the time has come for the Selkies to fulfill their side of the bargain, and that Toby must be a part of the process, Toby can't refuse. Literally. The Selkies aren't the only ones in debt to the Luidaeg, and Toby has to pay what she owes like anyone else. They will travel to the fabled Duchy of Ships and call a convocation of the Selkies, telling them to come and meet the Luidaeg's price...or face the consequences. Of course, nothing is that simple. When Dianda Lorden's brother appears to arrest Dianda for treason against the Undersea, when a Selkie woman is stripped of her skin and then murdered, when everything is falling apart, that's when Toby will have to answer the real question of the hour. Is she going to sink? Or is she going to swim?

Celebrating ten years of the Hugo-nominated and New York Times-bestselling October Daye urban fantasy series comes a new hardcover anniversary edition of the book that started it all, with a new bonus novella. The world of Faerie never disappeared; it merely went into hiding, continuing to exist parallel to our own. Secrecy is the key to Faerie's survival—but no secret can be kept forever, and when the fae and mortal worlds collide, changelings are born. Outsiders from birth, these half-human, half-fae children spend their lives fighting for the respect of their immortal relations. Or, in the case of October "Toby" Daye, rejecting it completely. After getting burned by both sides of her heritage, Toby has denied the fae world, retreating into a "normal" life. Unfortunately for her, Faerie has other ideas... The murder of Countess Evening Winterrose, one of the secret regents of the San Francisco Bay Area, pulls Toby back into the fae world. Unable to resist Evening's dying curse, Toby must resume her former position as knight errant to the Duke of Shadowed Hills and begin renewing old alliances that may prove her only hope of solving the mystery...before the curse catches up with her. This edition features an all-new October Daye novella, Strangers in Court. Toby knew what she was doing when she threw her lot in with Devin, but when the time comes to get out, she has a little less of a clue. In order to win her freedom, she must do something to impress the local nobility—and the collapse of the Queen's knowe would seem to be exactly the opportunity she's been waiting for to prove herself! Set well before the events of Rosemary and Rue, this is a rare look at Toby's past as a changeling street rat, before she discovered her destiny as a Hero of the Realm.

Toby Daye urban fantasy series When October is informed that Simon Torquill—legally her father, due to Faerie's archaic marriage traditions—must be invited to her wedding or risk the ceremony throwing the Kingdom in the Mists into political turmoil, she finds herself setting out on a quest she was not yet prepared to undertake for the sake of her future.... and the man who represents her family's past.

Now in hardcover, the twelfth installment of the Hugo-nominated, New York Times-bestselling Toby Daye urban fantasy series! Things are not okay. In the aftermath of Amandine's latest betrayal, October "Toby" Daye's fragile self-made family is on the verge of coming apart at the seams. Jazz can't sleep, Sylvester doesn't want to see her, and worst of all, Tybalt has withdrawn from her entirely, retreating into the Court of Cats as he tries to recover from his abduction. Toby is floundering, unable to help the people she loves most heal. She needs a distraction. She needs a quest. What she doesn't need is the abduction of her estranged human daughter, Gillian. What she doesn't need is to be accused of kidnapping her own child by her ex-boyfriend and his new wife, who seems to be harboring secrets of her own. There's no question of whether she'll take the case. The only question is whether she's emotionally prepared to survive it. Signs of Faerie's involvement are everywhere, and it's going to take all Toby's nerve and all her allies to get her through this web of old secrets, older hatreds, and new deceptions. If she can't find Gillian before time runs out, her own child will pay the price. Two questions remain: Who in Faerie remembered Gillian existed? And what do they stand to gain? No matter how this ends, Toby's life will never be the same.

And Crown Prince to the entire continent of North America, known as "the Westlands" to the fae, currently ruled by his parents, High King Aethlin and High Queen Maida. Not that most people know that, since he's a blind foster squired to a changeling—not exactly something that screams "hidden royalty." But with a new Queen on the throne in the Mists, his parents have finally come to town to see how he's doing...and to take him home with them. That's going to be a problem, since Quentin doesn't particularly want to leave, and his knight, Sir October Daye, doesn't particularly want to let him go. Set after Chimes at Midnight and before The Winter Long, it's finally time to meet the parents in our first-ever story narrated by Quentin himself.
