Trilogy of Deneys Reitz, Commando - Trekking on - No ...

Deneys Reitz was educated at Grey College, Bloemfontein. While in exile in Madagascar, he wrote about his experience of the Second Boer War (1899–1902). When it was eventually edited and published in 1929 as Commando: A Boer Journal of the Boer War, it still had the freshness and detail of an account written soon after the war. The account is unique in that he was present at virtually every major event of the war.

The Trilogy of Deneys Reitz: Commando, a Boer Journal of ...

The Boer War of 1899 is perhaps a textbook example of dualities in war, and Deneys Reitz's brilliantly vivid account: Commando: A Boer Journal of the Boer War embraces and examines these inherent polarities. Despite being published in 1929, it still reads as fresh as if it were published today, working both on the level of a primary account of the Boer War and as a subtle reflection on the nature of the war and its strange dichotomies.

Commando: A Boer Journal Of The Boer War by Deneys Reitz

Deneys Reitz was educated at Grey College in Bloemfontein. While in exile in Madagascar, he wrote about his experience of the Second Boer War (1899–1902). When it was eventually edited and published in 1929 as Commando: A Boer Journal of the Boer War, it still had the freshness and detail of an account written soon after the war. The account is unique in that he was present at virtually every major event of the war.

Deneys Reitz | Military Wiki | Fandom

Deneys Reitz (1882–1944), son of Francis William Reitz, was a Boer soldier, South African soldier in the First World War, and politician. While in exile in Madagascar he wrote about his experience of the Boer War, so that, when it was eventually edited and published in 1929 as Commando: A Boer Journal Of The Boer War, it still had the freshness and detail of an account written soon after the war.

During his exile in Madagascar, Boer soldier Deneys Reitz wrote about his experience of the Second Boer War (1899-1902). When it was eventually edited and published in 1929 as *Commando: A Boer Journal of the Boer War*, it still had the freshness and detail of an account written soon after the war. Reitz' descriptions of the tumult through the eyes of a warrior in the saddle form not only a succinct narrative and important source for the Second Boer War, but his family connections (his father Francis William Reitz was State Secretary of the Transvaal), sheer luck, and participation at virtually every major event of the War all provide for a unique account. A vivid, unforgettable picture of mobile guerrilla warfare. Richly illustrated throughout.

A narrative of the author's life in exile following the Boer War, his work upon his return to South Africa, and his part in the European war, first in South Africa and later in Europe. "Breathlessly exciting"—*The Times Literary Supplement*

A fascinating chronicle of the Cold War battle where US and Soviet weapons, as well as Cuban and South African troops, took part in the Angolan Civil War. In the late 1980s, as America prepared to claim its victory in the Cold War over the Soviet Union, a bloody war still raged in Southern Africa, where proxy forces from both sides vied for control of Angola. The socialist Angolan government, stocked with Soviet weapons, had only to wipe out the resistance group UNITA, secretly supplied by the United States, in order to claim sovereignty. But as Angolan forces gained the upper hand, apartheid-era South Africa stepped in to protect its own interests. The white army crossing the border prompted the Angolans to call on their own foreign reinforcements—the army of Communist Cuba. Thus began the epic Battle of Cuito Cuanavale: an odd match-up of South African Boers against Castro's armed forces. While South Africa was subject to an arms boycott since 1977, the Cuban and Angolan troops had the latest Soviet weapons. But UNITA had its secret US supply line, and the South Africans knew how to fight. As a case study of ferocious fighting between East and West, *The Last Hot Battle of the Cold War* unveils a remarkable episode in the endgame of the Cold War—one that is largely unknown to the American public.

1929. Deneys Reitz, who is now one of General Smuts's political lieutenants and a warm supporter of the British Commonwealth, fought through the South African War as our enemy. He enlisted on the outbreak of the war as a boy of seventeen and went through it to the bitter end. His father was President of the Orange Free State, and after peace was concluded he and his family went into exile. Later he returned to his own country; and later still fought in the Great War on the side of the Allies, first in West and South Africa, and then in France, where he was severely wounded, and where he came to command the First Battalion of the Royal Scots Fusiliers. *Commando* abounds in interesting sidelights and portraits—Kruger, De Wet, Smuts, Kitchener. One of the most remarkable passages gives us a glimpse of the young Winston Churchill as prisoner of war in Pretoria. It is difficult to speak of this book in anything short of a string of superlatives. The spirit of it is magnificent; the uncomplaining courage of the boy-fighter rouses memories of all the stories down the ages about unreckoning devotion to an ideal. And not one of them is a finer one than this.

South African Boer soldier and author Deneys Reitz provided the reader with a vivid account of his service during the Boer War in his two previous volumes, *Commando: A Boer Journal of the Boer War* (1929) and *Trekking On* (1933). Here he rounds off his further experiences in this book, first published in 1943, which describes the period in which he visited the Kalahari, Kaokoveld, Congo and Angola. Combined, all three volumes tell the story of his share in the public life of South Africa spanning some 25 years. An unmissable addition to your Deneys Reitz collection!

The story of the battle for independence from the British Empire in South Africa by "a vivid chronicler of military forces, generals, and wars" (Kirkus Reviews). The Great Boer War (1899-1902), more properly known as the Great Anglo-Boer War, was one of the last romantic wars, pitting a sturdy, stubborn pioneer people fighting to establish the independence of their tiny nation against the British Empire at its peak of power and self-confidence. It was fought in the barren vastness of the South African veldt, and it produced in almost equal measure extraordinary feats of personal heroism, unbelievable examples of folly and stupidity, and many incidents of humor and tragedy. Byron Farwell traces the war's origins; the slow mounting of the British efforts to overthrow the Afrikaners; the bungling and bickering of the British command; the remarkable series of bloody battles that almost consistently ended in victory for the Boers over the much more numerous British forces; political developments in London and Pretoria; the sieges of Ladysmith, Mafeking and Kimberley; the concentration camps into which Boer families were herded; and the exhausting guerrilla warfare of the last few years when the Boer armies were finally driven from the field. The Great Boer War is a definitive history of a dramatic conflict by the author of *Queen Victoria's Little Wars*, "a leading popular military historian" (Publishers Weekly).

Only a dramatic, imaginatively crafted intervention - a massive redistribution programme managed by the private sector, far-reaching policy changes in schooling, housing and health, and better, disciplined governance - will deliver the genuine liberation South Africa's still-poor millions expected from the 1994 settlement. Without it, without the real promise of a free, meritocratic society, South Africa will flounder and fail as corruption, crime, social decay, hopelessness and anger engulf society. This is the compelling thesis of Hlumelo Biko's hard-hitting, thoughtful analysis of South Africa's past, present and future, a sobering assessment of where we stand today, and where we need to go. At once unnervingly candid and inspiring, *The Great African Society* demolishes the complacent optimism that underpins much soft thinking about South Africa's future and places at the service of public debate practical, achievable objectives for business, government and civil society. South Africa's challenge, the book argues, is to act now to avoid the mounting threat of revolt and decline that would devalue every political and economic achievement of the past decade-and-a-half and leave Nelson Mandela's feted rainbow nation staring decrepitude in the face. No debate from here on about the South African future can be taken seriously without weighing Biko's insights and his warnings. *The Great African Society* is vividly moral in its intentions, but sober and unsentimental in examining political and economic imperatives. It is guaranteed to make the reader sit up and take stock afresh.

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. *The Poisonwood Bible* was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.
