Wings of the Walker is a very interesting, and I had no problems reading it straight through. It never failed to keep my attention. It starts with out protagonist, Ashleigh, and her life as a walker which is basically an indentured servant bordering on a slave. Ash is a realistic character and makes logical decisions.

Wing walking is the act of moving along the wings of an aeroplane during flight, sometimes transferring between planes. It originated as a daredevil stunt in the aerial barnstorming shows of the 1920s, and became the subject of several Hollywood movies. An early exponent was Ormer Locklear, who was killed performing a dive on film. Charles Lindbergh began his aviation career as a wing walker.

The life of a Walker was exhausting, but I looked forward to the evenings. After I spent my day scrubbing floors and cooking their meals, Josiah would sneak into my small room, and gift me with a glimpse into what our life would be like if I weren ' t a Walker. Although we maintained a platonic relationship, the tension between us increased daily.

Josiah Stonewell dug his hands into the filthiest parts of my soul and molded a perfect little Walker. I don't know the exact moment I fell in love with him, but I do know that if anyone found out about our lingering stares, it would end his political career. Josiah's unexpected engagement has me squinting down the barrel of heartbreak, and to make matters worse; I find myself traded to Cyler Black and his leadership council in a distant Providence. Soon, Cyler and his team of passionate leaders start to feel like family, and I'm promised freedoms I never imagined were possible; But Josiah's not through with me yet, and war is on the horizon. Can I find happiness in my new home? Or will Josiah finally choose me?

During the Depression, Reuben and his out-of-work parents move from Oklahoma to Minnesota, where his father gets a job as a carnival wingwalker and Reuben has a chance to overcome his terror of flying.

The remarkable autobiography of a pioneering female aviator who left a privileged life to serve in World War II. Her father was a millionaire race-car driver who became chairman of Bentley Motors, and her grandfather cofounded the De Beers mining company. But by the late 1930s, debutante Diana Barnato had enough of her affluent, chaperoned existence and sought excitement in flying—soloing at Brooklands after only six hours' training. Joining the Air Transport Auxiliary in 1941 to help ferry aircraft to squadrons and bases throughout the country, she flew scores of different aircraft—fighters, bombers, and trainers—in all kinds of conditions, and without a radio. By 1945, Barnato had lost many friends, a fiancé, and a husband—but she continued to fly. In 1962 she was awarded the Jean Lennox Bird Trophy for notable

achievement in aviation, but her greatest moment was yet to come, when in 1963 she flew a Lightning through the sound barrier, becoming “ the fastest woman in the world. ” Spreading My Wings is her remarkable memoir, brimming with history and adventure.

This whimsical, rhyming tale whirls readers through all the fantastic things that can be found between the pages of a book. From a pirate adventure to a fairy fete, Books Do Not Have Wings explores all the wonderful things a book is that go way beyond its cover and pages.

Jandy Nelson meets Friday Night Lights in this sweeping, warm, arrestingly original novel about family, poverty, and hope. Wing Jones, like everyone else in her town, has worshipped her older brother, Marcus, for as long as she can remember. Good-looking, popular, and the star of the football team, Marcus is everything his sister is not. Until the night everything changes when Marcus, drunk at the wheel after a party, kills two people and barely survives himself. With Marcus now in a coma, Wing is crushed, confused, and angry. She is tormented at school for Marcus ’ s mistake, haunted at home by her mother and grandmothers ’ grief. In addition to all this, Wing is scared that the bank is going to repossess her home because her family can ’ t afford Marcus ’ s mounting medical bills. Every night, unable to sleep, Wing finds herself sneaking out to go to the school ’ s empty track. When Aaron, Marcus ’ s best friend, sees her running one night, he recognizes that her speed, skill, and agility could get her spot on the track team. And better still, an opportunity at a coveted sponsorship from a major athletic gear company. Wing can ’ t pass up the opportunity

to train with her longtime crush and to help her struggling family, but can she handle being thrust out of Marcus ' s shadow and into the spotlight? "The swiftly paced story will quickly sweep up readers...[a] well-crafted, inspirational debut with plenty of heart, hope, and determination."

—Booklist "A story showing how hope and love can blossom in the midst of chaos." —Publishers Weekly

One of the National Hockey League 's " Original Six, " few teams in professional hockey have enjoyed more success than the Detroit Red Wings. In this newly revised edition, Stan " the Hockey Maven " Fischler profiles more than fifty of the greatest characters from this unforgettable franchise. Fans can read about everyone from the legendary Gordie Howe (who was almost killed by a body-check that fractured his skull before he went on to become known as " Mr. Hockey ") to Nicklas Lindström (who became the first European to win the Conn Smythe Trophy in 2002). With a deft pen, Fischler describes the Red Wings' greatest accomplishments from his front-row seat in the press box. Beyond the stats and facts, this veteran sportswriter brings

fans off the ice and into the locker room to share a treasure trove of stories and anecdotes from this legendary franchise. Within these pages, fans will taste the adrenaline as the Red Wings rack up eleven Stanley Cup Championships and cheer with the crowd as Pete and Jerry Cusimano toss the first “ good luck ” octopus onto the ice. Without a doubt, Detroit Red Wings: Greatest Moments and Players is a must-have for any Red Wings fan.

In the history of aviation there have been many attempts to produce aircraft of extraordinary proportions to expand the limits of technology and create new performance standards. With few exceptions, the early attempts did not become the successes envisaged until post-World War II when such aircraft as the Boeing B-52 long-range heavy bomber and the Boeing 747 'Jumbo Jet' airliner changed the face of aviation in both the military and civil roles. Big Wings is a well-researched, highly informative and sometimes nostalgic look at the sixteen most significant giants of the air. Each chosen aircraft is introduced and its *raison d'être* explained, then follows an in-depth review of the successful and failed technical aspects of the design, its operational history, first-hand accounts from those that had flown the aircraft and finally some startling facts and statistics. The aircraft selected are as follows: Military—Douglas B-19, Boeing B-29, Consolidated B-36, Northrop B-49 and Boeing B-52, Airliners—Bristol Brabazon, Boeing 747 and Airbus A380, Heavy Lifters—Messerschmitt Me323, Consolidated XC-99, Lockheed C5 and Antonov AN-225, Flying Boats—Dornier Do-X, Martin JRM Mars, Hughes HK-1 and Saunders Roe Princess.
